**Computer**

Don't we all just love playing around with the computer? Here are some funny things for you to do during the vacation.

1. Take video clips of the events and activities you participate in during the vacation. Put them together to create a movie about the vacation (in a CD or a DVD). Use the URL below mentioned to download software to merge your multiple video clips.

<http://www.dvdvideomedia.com/download/freevideocutterjoiner.exe>

This is a great learning and creative experience. You can also use the Moviemaker software to publish your own movie!

2. During the vacation it's always a good idea to stay out of the heat. You can attend an animation course in your neighbourhood.
Attempt any one activity out of 3, 4, and 5.
3. Prepare a short presentation on the features and qualities you would like to add in your imaginary computer. Also write them in your holiday homework booklet.
4. Pretend that three part of your computer are missing. Describe those parts and how they will impact the functioning of your computer.
5. You are in the market to buy a new computer. What features would you consider and what information do you need to be a savvy customer?
